

The background is a blue architectural blueprint. It features a detailed line drawing of a two-story building facade with a central entrance, columns, and a pediment. Below the facade, there is a floor plan showing a rectangular layout with internal divisions. The entire image is overlaid with a grid and various geometric lines.

# **BKS 24X7**

## Metadata Renovation

# The “Fixer-Upper”: Vendor-Created Records

How do you fit  
hexagonal,  
square, and  
octagonal pegs  
into the same  
round hole?

# Taking the Job On

- Check once a month
- FTP
- “new” and “delete” – nice filenames

# Survey

- Correct encoding?
- Consistency?
- Collection(s)?

What do we  
have to work  
with?
